

So this dirty

little fucking Jew walks into a bar and asks the bartender for a drink. The bartender asks the dirty little fucking Jew what he wants so the dirty little fucking Jew asks for a beer and the bartender pulls out a can of Raid and starts spraying it in the dirty little fucking Jew's face. The dirty little fucking Jew just stands there while the bartender keeps spraying and spraying more Raid into the dirty little fucking Jew's face. Actually the dirty little fucking Jew doesn't just stand there it immediately falls to it's dirty little fucking Jew knees and starts screaming in pain and writhing in agony as the bartender completely empties the can in Raid in the dirty little fucking Jew's face. Then some drunk pukes on the corpse. Isn't that hilarious? I forget who told me that one. It's a long one so I hope I told it right. The punch line just kills me though the whole joke is good. Plus, in case you didn't notice, I got to subtly sneak in the phrase "dirty little fucking Jew", more than once actually. I bet you didn't even notice it so go back and read it again, three times if you have to but I promise you it's in there.

Cheers!
